

Tracker Interest Rate Retention

Are you an existing Haven customer with a tracker mortgage and looking to move home? Our Tracker Interest Rate Retention (TIRR) Offer may be just what you need.

This offer is for our existing customers who have a tracker interest rate on their current home loan account, that want to sell their current home and buy a new home, while still retaining a tracker interest rate.

What is TIRR?

TIRR will allow you to keep your tracker interest rate with an additional margin of 1% on your current tracker mortgage balance, if you wish to sell your existing property and purchase a new principal private residence.

More about this offer

Who is this offer for?

- > TIRR is only available to existing Haven home loan tracker mortgage customers who are not experiencing difficulties making their existing mortgage repayments.

What are the key features and restrictions of this offer?

- > The amount of your new mortgage loan that can avail of TIRR will be limited to the balance outstanding at full loan approval. This could be different to the balance at the time of Approval in Principle
- > Any funds above this amount will be at the prevailing Haven new business rates. There are both fixed and variable interest rates available to new business, these can be viewed on www.havenmortgages.ie
- > You can only avail of TIRR for the term remaining on your existing tracker mortgage loan(s), at the time of full loan approval. This could be different to the term remaining at the time of Approval in Principle. Subject to Haven's maximum age. i.e.:
 - > Subject to clearance by your 69th birthday if you are PAYE employee or up to your 71st birthday subject to documentary confirmation of employment or on retirement if earlier; and for self employed customers by your 71st birthday.
- > Your TIRR rate will be your existing Tracker Interest rate plus an additional margin of 1%.

- > Your new mortgage may only be used to purchase a new home, which is to be used as your principal private residence.
- > You must have an Approval in Principle or a Letter of Offer that is still valid for the new Tracker Interest Rate Retention mortgage prior to selling your existing property. Your existing property should only be sold after receiving your Approval in Principle or a Letter of Offer. Your existing mortgage account must be cleared in full before you can draw down your new mortgage. Please take note of the date your Approval in Principle or Letter of Offer is valid until.
- > Up to 90% loan to value (LTV) finance is available to you towards the purchase price of your new property:
 - > Up to 80% loan to value is available for a studio apartment valued at €275,000 or above, or a one bedroom property. We do not lend for the purchase of studio apartments valued at under €275,000.
- > The full sale proceeds of your existing home must be used to repay your existing mortgage.
- > You will need to pay the costs of the sale of your existing home and the purchase of your new home (including professional fees).
- > You will only be able to avail of TIRR once during your relationship with Haven as a mortgage customer i.e. you will not have the option to retain your tracker interest rate again for a subsequent house move.
- > If you are approved for TIRR, an Approval in Principle will be issued to you. This will be valid for 12 months. To remain eligible for TIRR you must reapply for TIRR at least 30 days before the expiry of your Approval in Principle or the Letter of Loan Offer. This is subject to Haven still offering the TIRR at that time and to lending criteria and terms and conditions.

After the sale of your existing home you may reapply for one subsequent Approval in Principle prior to applying for full loan approval

- > If you have sold your home and cleared your mortgage loan, to remain eligible for TIRR you must reapply for TIRR at least

30 days before the expiry of your Approval in Principle or your Letter of Loan Offer. This is subject to Haven still offering the TIRR at that time and to lending criteria and terms and conditions. You may reapply for for one subsequent Approval in Principle prior to applying for full loan approval

- > If you have more than one Haven mortgage on a Tracker Interest Rate secured against your home, TIRR will be based on:
 - > The total balance outstanding on all of your Haven tracker mortgage accounts;
 - > The longest term remaining on your existing tracker mortgage accounts; and
 - > The lowest Tracker Interest Rate applicable to your tracker mortgage accounts (plus an additional margin of 1%).
- > If part of your existing mortgage is on a fixed interest rate then, in order to avail of TIRR, your existing mortgage will be repaid earlier than anticipated, you may need to pay an early breakage charge. Your existing Letter of Loan Offer details how an early breakage charge is calculated. Alternatively, please refer to the important regulatory information section at the back of this brochure or contact your mortgage intermediary.
- > If you and your co-borrower wish to sell your existing home and buy new homes separately from each other, you will each only be able to avail of TIRR in respect of half of the balance of your existing joint mortgage.
- > If your co-borrower does not wish to buy a new home and avail of TIRR then you may be able to avail of TIRR in respect of the entire balance of your existing joint mortgage. Your co-borrower would, however, lose their entitlement to avail of TIRR at any time in the future. They would need to waive this entitlement and sign a TIRR Waiver. We would recommend that all borrowers receive independent financial and legal advice in this scenario.

Principal private residence, Home, PDH (Private Dwelling House).

A person's primary residence, or main residence is the dwelling where they usually live within the state. A person can only have one primary residence at any given time.

- > If your existing mortgage is in your sole name and you wish to sell your home and apply for a new joint mortgage with a co-borrower so that you can buy a new home together, you may apply for TIRR subject to the key features and restrictions outlined above.
- > The Approval in Principle regarding how much money you may be able to borrow for the new property, is subject to change based on your financial circumstances at the time of purchase of the new property and the actual sale price for your existing property
- > After the sale of your existing property, it may be necessary for you to review/amend/cancel your existing insurance policies

Moving home, regardless of your circumstances, is a big decision. We advise you to take independent legal, tax and financial advice before deciding on any type of mortgage.

Example 1 Positive Equity, trading up and availing of TIRR.

Existing Property	
Current Mortgage	€200,000
Current Value of Property	€240,000
Positive Equity	€40,000
Loan-to-Value	83%
Remaining (Years) (subject to Haven lending criteria)	20
Existing tracker interest rate (ECB base rate e.g. 2.15% plus 1.25% margin)	3.40%
Repayment Amount (Capital & Interest)	€1,149.67

New Mortgage Loan	
New Property	
Purchase Price	€300,000
Less Minimum Deposit Required (10%)	€30,000
Mortgage on New Property	€270,000
Loan-to-Value	90%

Repayment of New Loan	
Part A – Tracker Interest Rate 4.5% APRC (Variable)	
Mortgage Balance	€200,000
New tracker interest rate (1% higher than previous tracker margin + (ECB base of 2.15%))	4.40%
Term (Years)	20
Monthly Repayment Amount	€1,254.53
Part B – Variable Rate 4.15% (APRC 4.3%)	
Mortgage Balance	€70,000
Interest Rate (Loan to Value Variable Rate Home Loan >80% LTV)	4.15%
(Years) (subject to Haven lending criteria)	30
Monthly Repayment Amount	€340.27
Total Repayment Amount (Part A + Part B)	€1,594.80

Example 2 Positive Equity, trading down and availing of TIRR.

Existing Property	
Current Mortgage	€200,000
Current Value of Property	€250,000
Positive Equity	€50,000
Loan to Value	80%
Remaining (Years)	20
Existing tracker interest rate (ECB base rate e.g. 2.15% plus 1.00% margin)	3.15%
Repayment Amount (Capital & Interest)	€1,124.27

New Mortgage Loan	
New Property	
Purchase Price	€200,000
Less Minimum Deposit Required (10%)	€20,000
Mortgage on New Property	€180,000
Loan-to-Value	90%

Repayment of New Loan	
Part A – Tracker Interest Rate 4.3% APRC (Variable)	
Mortgage Balance	€180,000
New tracker interest rate (1% higher than previous tracker margin + ECB base of 2.15%)	4.15%
Term (Years) (subject to Haven lending criteria)	20
Monthly Repayment Amount	€1,105.04
Part B – N/A	
Total Repayment Amount (Part A + Part B)	€1,105.04

Step-by-Step Guide

Applying for TIRR is very similar to our normal mortgage application process. Some of the key steps are outlined below:

The mortgage appointment

A good place to start is to make an appointment to talk to your Mortgage intermediary. You will be asked to complete

- > a new Mortgage Application Form and
- > a TIRR Application Form

You will also need to provide all relevant documentation so we can assess your application for this product.

Approval in Principle

If approved, your mortgage intermediary will send you an Approval in Principle letter. This will confirm that Haven are willing to give you a mortgage, in principle, based on the information that you provided and that you are eligible for TIRR.

3

Selling your Home

To avail of TIRR, you will need to sell your home and clear your existing mortgage in full before drawing down your new mortgage. You will also need to pay all legal, moving and auctioneering fees (these can't be deducted from the sale proceeds). If you have a fixed interest rate mortgage account you may need to pay an early breakage cost. Remember, selling your existing home may take time, so make sure you have the property on the market in good time. You must let us know the sale price of your home as soon as you can

4

Looking for and making an offer on a home

This is the exciting bit – looking for your new home. Once you've found it, you may put in an offer. If it's accepted, it's back to us.

5

Once your offer is accepted

Talk to your mortgage intermediary once you have made an offer on a new home. You will need to provide your intermediary with the details of the home, the name of your solicitor and arrange a valuation report.

It will be a condition of your Letter of Loan Offer that your existing home is sold and the full sale proceeds are applied to your existing mortgage account prior to your new mortgage being drawn down.

We will also need a valid BER certificate before you can draw down the Loan funds.

FAQ's

How can I apply for TIRR?

- > Simply contact your Mortgage Intermediary who will talk you through the application process

If I am eligible for TIRR what interest rate will apply to my new mortgage?

- > The TIRR on the new mortgage will be your existing tracker interest rate plus an additional margin of 1%. This will be limited to the balance of your existing mortgage, at full loan approval for the new loan. Any funds above this amount will be at the prevailing Haven new business rate which can be viewed on www.havenmortgages.ie

I have been approved for TIRR do I need to sell my home before I can draw down my new mortgage to buy my new home?

- > To avail of TIRR, your existing home must be sold and your existing mortgage account must be cleared in full before you can draw down your new mortgage

I am building a new house – can I avail of TIRR?

- > Yes, once you meet the eligibility criteria and your existing mortgage account is on a tracker interest rate you may apply for TIRR

I already have mortgage approval from Haven – can I avail of TIRR?

- > To avail of TIRR you must have an existing Haven Mortgage account on a tracker interest rate at the time of application. If this is the case, and you already have mortgage approval, you can still avail of TIRR. If you wish to apply for TIRR please contact your Mortgage Intermediary

I have already sold my home and cleared the mortgage loan – can I apply for TIRR?

- > No, TIRR is not available to anyone who has already sold their home and cleared their loan. You must apply and have an Approval in Principle or full loan approval with TIRR prior to the sale of your existing property and the closure of your existing Tracker Mortgage

I have already purchased my new home – can I get my old tracker interest rate applied to my new mortgage?

- > No, TIRR is not available to anyone who has already drawn down their new mortgage

I previously had loan approval for a larger loan amount, but have been offered less with TIRR why?

- > Haven must take the mortgage term and interest rate into consideration when assessing the affordability of the mortgage. If the mortgage amount originally approved has changed this is most likely due to one of these factors changing

What if I can't sell my home before my Approval in Principle Offer for my new mortgage expires?

- > An Approval in Principle is valid for 12 months from the date of approval. If you are unable to sell your home before the Approval in Principle expires you must reapply at least 30 days before the expiry.

This is subject to Haven still offering the TIRR at that time and to lending criteria and terms and conditions.

What if I can't sell my home before my Letter of Loan Offer for my new mortgage expires?

- > A Letter of Offer lasts for six months from the date we approve your loan. If you are unable to sell your home before that date, please contact your broker to discuss your next steps.

This is subject to Haven still offering the TIRR at that time and to lending criteria and terms and conditions.

Applying for Tracker Retention tick here

☐

1. I/We, confirm that I/we have read and understand the contents of the attached brochure, particularly the key features and restrictions and wish to apply for TIRR.
2. I/We agree and understand that this application is subject to eligibility criteria and terms and conditions.
3. I/We agree and understand that if at any time in the future I/we switch our mortgage from my/our tracker interest rate to any other fixed or variable interest rate offered by Haven at that time that I/we will not under any circumstances be subsequently permitted to revert to the tracker interest rate.
4. I agree and understand that if I have a co-borrower on my existing mortgage and I have applied for TIRR separately from them in respect of the entire amount of our existing mortgage it is my responsibility to supply Haven with the waiver form signed by my co-borrower. The Haven waiver form will be provided by Haven to your Mortgage Intermediary.

2

Alternatively, if you do not wish to apply for retention of your Tracker Interest Rate please tick here

☐

1. I/We, confirm that I/we have read and understand the contents of the attached Haven TIRR brochure, particularly the Key Features and Eligibility Requirements and do not wish to apply for TIRR
2. I/We agree and understand that if I/we choose not to apply for TIRR and instead choose an alternative interest rate (e.g. fixed interest rate) for my/our Mortgage Loan, we will not at any time have the option to revert back to the tracker interest rate or to apply for TIRR in the future.

Please note:

We recommend that you get independent advice before considering the options above.

**Warning: If you switch to an alternative interest rate,
you will not be contractually entitled to go back onto
a tracker interest rate in the future.**

TIRR mortgage general and regulatory information

Warning: If you do not keep up your repayments you may lose your home.

Warning: You may have to pay charges if you pay off a fixed-rate loan early.

Warning: If you do not meet the repayments on your loan, your account will go into arrears. This may affect your credit rating, which may limit your ability to access credit, a hire-purchase agreement, a consumer-hire agreement or a BNPL agreement in the future.

Warning: This new loan may take longer to pay off than your previous loans. This means you may pay more than if you paid over a shorter term.

Warning: The cost of your monthly repayments may increase.

Warning: The entire amount that you have borrowed will still be outstanding at the end of the interest-only period.

Warning: If you switch to an alternative interest rate, you will not be contractually entitled to go back onto a tracker interest rate in the future.

Warning: your home is at risk if you do not keep up payments on a mortgage or any other loan secured on it.

The payment rates on this housing loan may be adjusted by the lender from time to time.

(Note: applies to variable rate loans only)

About Us

We are Haven Mortgages Limited. We provide mortgages to home purchasers who are introduced to us by regulated and authorised Mortgage Intermediaries (known as mortgage

brokers). Haven Mortgages Limited is an indirect wholly owned subsidiary of Allied Irish Banks, p.l.c. ("AIB") and a member of the AIB group of companies ("AIB Group"). Our address is 10 Molesworth Street, Dublin 2, D02 R126.

Haven Mortgages Limited (trading as Haven) is regulated by the Central Bank of Ireland.

Purpose of the TIRR mortgage loan

This mortgage loan enables existing Haven customers with a tracker rate mortgage to purchase a new home without losing a tracker interest rate.

How much can you borrow?

When you ask us to lend you money we will make a decision based on your ability to repay (including capacity to repay at higher interest rates). When you apply for a loan we will ask you for information such as your income, expenditure, assets and liabilities. We may ask you for evidence of this information.

> TIRR

- >** 90% of the purchase price or valuation whichever is lower.
- >** Up to 80% loan to value is available for a studio apartment valued at €275,000 or above, or a one bedroom property. We do not lend for the purchase of studio apartments valued at under €275,000.

Lending levels are subject to monthly repayment burden, typically not exceeding c. 35% of borrower's disposable income, and will vary according to individual circumstances.

Mortgage loan requests are considered on the basis of proof of income, financial status and demonstrated repayment capacity (including capacity to repay at higher interest rates). Mortgage loans are not available to people under 18 years.

If you do not provide us with the requested documentation, we will not be able to assess your application and credit cannot be granted.

How long it takes us to deal with your application

Once your Mortgage Intermediary receives your application and any other information they have asked you to give us as set out in the Approval in Principle checklist, they will contact you within three business days to say we have received it.

- a) If there is any information missing they will tell you, within three business days;
- b) We will let your Mortgage Intermediary know our decision on your mortgage application within ten business days of receiving all the information we need;
- c) If we cannot make a decision within ten business days we will tell your Mortgage Intermediary why and when we are likely to make a decision.

Repayment terms

You can only avail of our TIRR product once, for the amount of time remaining on your existing mortgage at the time of full loan approval, subject to Haven's maximum age i.e. clearance by your 69th birthday (or up to 71st birthday subject to documentary confirmation of employment) or on retirement if earlier, or by your 71st birthday if you are self employed.

Security for the mortgage loan

Mortgage loans are secured by a first legal mortgage/charge over your property. The property must be within the Republic of Ireland.

Foreign currency mortgage loans

The currency of your loan and repayments will be euro. If the currency of some or all of the income or assets you intend to use to repay the mortgage loan is not euro, and/or you live in a European Economic Area (EEA) state that is not in the euro zone, the mortgage loan is a foreign currency loan.

You should be aware that fluctuations in the relevant currency exchange rates may affect the value of your outstanding mortgage balance and/or your repayment.

This could mean that you may find it difficult to afford your mortgage repayments.

Our mortgage interest rate options

Your Mortgage Intermediary can tell you exactly what our current interest rates are and how they translate into monthly repayments. Here is a brief description of the types of interest rates available:

- > Variable interest rate
 - > A variable interest rate can go up and/or down resulting in your monthly repayments rising and/or falling over the life of your mortgage loan.
 - > A variable interest rate gives you more flexibility. You can make extra mortgage repayments or clear your mortgage earlier than agreed without having to pay any penalties.
 - > You may have the option of switching to a fixed interest rate (if offered by us at that time).
 - > Our Loan to Value (LTV) variable rate is available to owner occupier mortgage loans. We have a range of LTV variable rates depending on the amount you are borrowing relative to the value of your home.
 - > As your loan to value may decrease over the term of your mortgage, you may be able to move between LTV rate bands.
 - > LTV rates are not available to owner occupier customers at the drawdown of a new top up loan.
- > Fixed interest rate
 - > While on a fixed interest rate, the interest rate and mortgage repayment remains the same for the agreed fixed interest rate period (typically 1 to 5 years). During this time the interest rate will not change. This gives you budget certainty.
 - > An early breakage charge is payable in the following cases where the fixed interest rate period has not expired:

a) if a capital payment or full repayment is made to the Loan, or

b) if the Loan is converted to a variable interest rate, or

c) if the Loan is converted to another fixed interest rate.

- > The formula to calculate the early breakage charge is: amount (A) × remaining term in days divided by 365 (U) × difference in cost of funds (D%).

Definition of terms used in this formula:

(A) amount – The amount being repaid early or the amount being converted to a variable rate or another fixed rate period.

Original cost of funds – The cost of funds for Haven for the fixed rate period at the time the fixed rate period commenced.

Cost of funds for the fixed rate period remaining – The cost of funds used will be as of 5pm the day previous to the request to calculate the early breakage charge.

(U) remaining term in days – Remaining number of days left before the fixed rate is due to expire.

(D) difference in cost of funds – The difference between the original cost of funds and the cost of funds for the fixed rate period remaining.

- > Worked example:

Assume a 5 year fixed rate loan. Full repayment of €100,000 after 3 years (A); remaining term 2 (U); difference in cost of funds 2% (D). The early breakage charge would be as follows: (A) 100,000 × (U) 2 × (D) 2% = €4,000.

- > At the end of a fixed interest rate period, the interest rate on your loan will default to the standard variable interest rate then offered by Haven at that time unless you choose an alternative interest rate, if on offer by Haven to you at that time. Our standard variable interest rate is a variable interest rate. If the interest rate on your loan defaults or

otherwise converts to a variable interest rate then offered by Haven, your interest rate and the amount of your instalments could increase or decrease during the term of your loan and your interest rate could be higher than the fixed interest rate that applied during any fixed interest rate period.

> Split interest rate

You may choose to have a portion of your mortgage loan on a fixed interest rate and the other portion on a variable interest rate. This will enable you to benefit from the advantages of each interest rate in whatever proportions you choose.

> TIRR (only available to existing Haven Tracker Mortgage customers):

- > TIRR allows you to retain your existing tracker interest rate (plus an additional 1% margin) on a new mortgage loan.
- > If you are eligible for our TIRR product, the tracker interest rate will be made up of two parts:
 - a) the European Central Bank's main refinancing operations minimum bid rate (the "ECB rate") which is variable; and
 - b) the margin/adjustment above the ECB rate, this will stay static throughout the life of the loan.
- > You can make extra mortgage repayments or clear your mortgage earlier than agreed without having to pay any penalties.
- > If you move from a tracker interest rate to an alternative interest rate, such as a fixed interest rate, you cannot go back onto a tracker interest rate in the future.
- > You or your legal representative can ask your Mortgage Intermediary or us to give you an idea of how your current or existing mortgage interest rate compares to any other rate we may offer at that time.

Please note that due to the changeability of variable and tracker rates, it is not possible to determine at loan offer stage whether a

fixed, variable or tracker rate will have the lowest repayment amount over the course of the loan.

Flexible features

You can speak to us about the following flexible repayment options that may be available to you:

- > Term extension - You may be able to increase the term of your mortgage loan once affordability criteria has been met.
- > Interest Only – You may be able to apply for interest only repayments for a specified duration during the term of your mortgage loan.

These options are subject to you meeting the eligibility criteria and terms and conditions and, if granted, may affect the repayment amount and/or the term of the mortgage loan.

Fees and charges

You will have some expenses to pay in connection with the mortgage loan. Here are some examples of the expenses that may be payable:

> Valuation Report

A valuation of the property must be carried out by a valuer on our panel of valuers prior to loan approval. This valuation will cost you €150 which will be refunded to you if your loan application is unsuccessful.

If the valuation of the property is undertaken more than four months before the requested date of drawdown, a re-valuation will be required which will cost you €65. If the conditions of your loan require a final valuation following completion of the building of the property, renovations or repairs to it, this will cost you €65.

> Your own advisors' fees

You will pay any fees, charges and expenses that you are charged by any of your own advisors in connection with the mortgage loan.

> Stamp Duty

Stamp duty is payable on your new home. Your solicitor will work out how much stamp duty you owe.

> Our solicitors' fees

If the security includes a new mortgage over property that is not your private dwelling place or holiday home, you will have to pay our solicitors' fees in connection with the mortgage loan.

> Insurance

> For your property

For your own protection as well as ours, it will be a condition in your letter of offer that your property is adequately insured, at your own cost, for the full re-instatement value (i.e. rebuilding costs) specified in your valuation report.

> Life assurance

If you or your dependants intend to use the property as a principal place of residence, you must show evidence of mortgage protection insurance, unless you are exempt under the Consumer Credit Act 1995. These policies are designed to pay off your mortgage in full if you or your co-borrower die unexpectedly. The correct type of life assurance will depend on the amount, term and type of borrowing.

You can arrange insurance through any insurer of your choice, however, we are entitled to refuse to accept any policy with an insurance company that is unacceptable to us.

> Mortgage intermediary administration fee

You may have to pay a mortgage intermediary administration fee. Your mortgage intermediary will advise you of this fee which, if applicable is payable to your mortgage intermediary on application.

Paying the mortgage loan

Your letter of loan offer will detail the number, frequency and amount of your mortgage repayments.

If you choose a variable interest rate, there is no guarantee that repaying the monthly repayments detailed in the credit agreement will be sufficient to pay the full amount (including interest) that you owe us under the credit agreement. This is because the detailed monthly repayments are only correct as of the date of the credit agreement and variable interest rates can go up resulting in your monthly repayments rising over the life of your mortgage loan. However, variable interest rates may also go down resulting in your monthly repayments falling over the life of your mortgage loan.

If you cancel or make a claim for reimbursement of a direct debit repaying your mortgage account, and fail to make alternative arrangements for payment, your account will go into arrears.

If you do not repay the mortgage loan when due then you will be in breach of the terms and conditions of your mortgage and Haven will take the appropriate steps to recover the amount due. This could mean that Haven will commence legal proceedings seeking an order for possession against you, which will put your home at risk and affect your credit rating, and limit your ability to access credit in the future. All of your obligations in connection with the mortgage loan will be detailed in your credit agreement.

Can I make additional payments and/or repay my mortgage loan early?

If your loan is on a variable rate, you may repay the mortgage loan, in part or in full, at any time without incurring any additional charges payable to Haven.

A fixed rate mortgage loan may be repaid in full, or in part, subject to an early breakage charge. The formula to calculate the early breakage charge is detailed above.

What is the total amount I will have to pay?

The following examples may give you an indication of the total amount payable at the end of a typical mortgage.

TIRR mortgage

A typical €100,000, 20 year mortgage for an Owner Occupier Residential Property with interest rate of 4.25% (ECB rate currently 2.15% + margin 1.1% + additional margin 1%) and APR 4.4%, will have 240 monthly repayments of €619.23. If the interest rate does not vary during the term of the mortgage, the total cost of credit i.e. the total amount repayable less the amount of the loan would be €48,831.27 (inclusive of valuation report fees of €215). The total amount repayable would be €148,831.27. The effect of a 1% increase in the ECB interest rate for such a mortgage will add €54.61 to the monthly repayments.

Some costs are not known to us and are therefore not included in the annual percentage rate of change (APRC). These costs are detailed in the Letter of Offer. The costs associated with a BER certificate are not known to us. Your assessor will tell you how much this costs. The APRC is the total cost of the loan expressed as an annual percentage. The APRC is provided to help you compare different offers.

Variable rate mortgage

A typical €100,000, 20 year mortgage for an Owner Occupier Residential Property with LTV greater than 80% will have a variable interest rate of 4.15% and APR 4.3%, and 240 monthly repayments of €613.91. If the APR does not vary during the term of the mortgage, the total cost of credit i.e. the total amount repayable less the amount of the loan would be €47,554.23 (inclusive of valuation report fees of €215). The total amount repayable would be €147,554.23. The effect of a 1% increase in interest rates for such a mortgage will add €54.36 to the monthly repayments.

Some costs are not known to us and are therefore not included in the annual percentage rate of change (APRC). These costs are detailed in the Letter of Offer. The costs associated with a BER certificate are not known to us. Your assessor will tell you how much this costs. The APRC is the total cost of the loan expressed as an annual percentage. The APRC is provided to help you compare different offers.

Mortgage Switching or Changing Mortgage Type

Additional information relating to switching lender (www.ccpc.ie/consumers/money/mortgages/switching-lenders-or-mortgage) or changing mortgage type (www.ccpc.ie/consumers/money/mortgages/changing-your-mortgage) can be found on the www.ccpc.ie website.
