Home Mortgage Regulatory Information

Important Regulatory Information

Warning: If you do not keep up your repayments you may lose your home.

Warning: If you do not meet the repayments on your loan, your account will go into arrears. This may affect your credit report, which may limit your ability to access credit in the future.

Warning: You may have to pay charges if you pay off a fixed-rate loan early.

Warning: Your interest rate may increase and the amount of your mortgage repayments may increase as a result.

Warning: Your home is at risk if you do not keep up payments on a mortgage or any other loan secured on it.

Warning: The payment rates on this housing loan may be adjusted by the lender from time to time. (Applies to variable rate loans only)

Warning: You should consider the total cost of the mortgage and any applicable incentive included in a mortgage offer.

Note: If you or your dependants intend to use the property as a principal place of residence, you must show evidence of mortgage protection insurance, unless you are exempt under the Consumer Credit Act 1995. Maximum loan to value of Owner Occupier Residential Properties - 90% of purchase price or valuation whichever is lower. Lending levels are subject to monthly repayment burden, typically not exceeding c. 35% of borrowers disposable income and will vary according to individual circumstances. Loan requests considered on the basis of proof of income, financial status and demonstrated repayment capacity (including capacity to repay at higher interest rates). Loans not available to people under 18. Mortgage loans require to be secured by a mortgage and charge on the subject property. A typical €100,000, 20 year mortgage for an Owner Occupier Residential Property with LTV greater than 80% will have a variable interest rate of 4.15% and APR 4.3%, and 240 monthly repayments of €613.91. If the APR does not vary during the term of the mortgage, the total cost of credit i.e. the total amount repayable less the amount of the loan would be €47,554.23 (inclusive of valuation report fees of €215). The total amount repayable would be €147,554.23. The effect of a 1% increase in interest rates for such a mortgage will add €54.36 to the monthly repayments. To assess the value of your property and make sure that it offers suitable security for your mortgage loan, you will need to send us a valuation report on it. This valuation report will cost you €150.00 and must be in our standard form and undertaken by a valuer from our Residential Mortgage Valuer's Panel. If the valuation of the property is undertaken more than two months before the requested date of drawdown of the mortgage loan or of the final stage payment, we will require an up to date valuation of the property, in our standard form, before drawdown can take place; this will cost you €65.00. Lending criteria, terms and conditions will apply.

Some costs are not known to us and are therefore not included in the annual percentage rate of change (APRC). These costs are detailed in the Letter of Offer. The costs associated with a BER certificate are not known to us. Your assessor will tell you how much this costs. The APRC is the total cost of the loan expressed as an annual percentage. The APRC is provided to help you compare different offers.
